

All About You Week

- What you will need:
- Paper
 - Colouring Pens/pencils
 - Scissors
 - Glue

Make your own all about me rainbow cloud

To start with you need to make your cloud to do this you can use some plain paper and draw your cloud it can be all puffy or it can be a round cloud it is up to you. Once you have done this you will need to put your name in the middle of the cloud you can decorate this any which way you would like. When you have done this, you can cut it out using some scissors. The next step is to make your rainbow strips for your cloud, you can use coloured paper if you have some or you can use some plain paper and colour them yourself. One each of the strips you have cut out you are going to write something about yourself for example

- Red- What is your age?
- Orange- do you have any siblings?
- Yellow- do you have any pets?
- Green- What is your favorite colour?
- Blue- What is your favorite food?
- Purple- What would you like to be when you grow up?

Once you have done this you can stick the strips at the bottom of your cloud like a rainbow in a row and you have made your own all about me rainbow cloud

Why not try making an all about you cube?! Find an empty box and cover each side in things that represent you!

- What you will need:
- Toilet roll tube
 - Paper
 - Colouring pens/pencils
 - Scissors
 - Glue

Make yourself toilet roll tube character

To start with you need to measure a rectangle on your paper, to do this you need to use a toilet roll tube and place it in the top corner of your paper and mark at the bottom of the tube where it finishes, you then need to wrap the paper around the tube and mark how much you will need. Once you have done this use the marks to draw lines up and down until they meet to make a rectangle that will wrap around the toilet roll tube. On this rectangle you are going to draw yourself so draw your face, hair, body, arms and legs. You can use other resources such as wool for your hair. Once you have done this you can then wrap the rectangle and wrap it around the toilet roll tube and stick it on using some glue.
