Advice for Parents;
The process is fun and open-ended.
It's easy to do.
It's the kind of activity that kids
want to do repeatedly.
Plus, the result looks great too.

Oil pastel painting

Combine the vibrant colours and smooth application of oil pastels with baby oil for a painting effect.

Raised salt painting

This is an activity that is loved by all ages from toddlers on up. Plus, it uses materials you already have! Glue, salt, and either liquid watercolour paint or food colouring.

What you will need:
-Stones
-Colouring pens or paint

Make a kindness stone to make someone smile

To start making your own kindness stone you need to find the perfect stones to decorate, you want to try and find stones that have a flat surface on one of the sides, so it is easy for you to draw your design on. Once you have found a stone like this you need to think of what design you are going to add onto it. Think about things such as kind messages and designs that would make others smile. When you have decided, you can begin painting or drawing your design and message onto the stone. When you have allowed it time to dry its time find the perfect place to place your stone for someone to find. This should give whoever may find it a smile for the day !
