

Art Week

To start making your own kindness card you first need to get a piece of card this can be blank or can be coloured card and you will need to fold it in half. Next you need to think of what design it can be the favorite thing of the person you are sending the card to or just a happy design to make them smile. When you have decided what design, you want to do on the front of the card you can begin making it, if you have extra decorations such as sequins you can use these to add a little extra to your card. Once you have completed the design you can move onto the kind message that you want to write to your chosen person, this can be just a thank you or a kind message to show them you care. Don't forget to give your card out and see if it brightens their day.

Leaf or Flower painting

Here is a great idea! have a look in your garden or greenspace and find as many intresting leafs and flowers, with this paint them and make some fun nature prints!

Funded and Supported by Sandwell Metropolitan Borough Council

Have a go at using your hand print as s template and creating some creative crafts! Have a look at some examples for inspiration!

What you will need:

- Paper for sign and to make the letters
 - Paint
 - -Paint brushes
 - Scissors

Oldbury Rowley Regis Smethwick Tipton Wednesbury West Bromwich

THANK

Thank you splatter sign
