What you will need:

- Toilet roll tube
  - Paper
- Colouring pens or pencils
  - Scissors
  - Glue
  - Decorations

## Make your own winter cosy characters

To start with you need to think about which cosy character you would like to create (such as a snowman, fox, bear, etc.) Once you have decided which character you would like to create, you will need to find a toilet roll tube. Next you need to wrap your toilet roll tube in some paper and stick it on, when you have done this, you can begin to add the features of your character such as their faces. Then once you have finished designing your character its time to make their cosy outfits, On some paper you can draw a scarf some gloves or any form of cosy clothing. Finally, you need to stick on your cosy clothes and there you have created your own cosy character. Why not make a collection of cosy characters.

## Winter scene and tree craft

To start with you need to get some blue paper, if you don't have blue paper don't worry you can use plain and decorate it yourself. On the paper you want to draw out a large tree in the middle, but you don't want it to have leaves as they disappear when winter comes, then using a black pen or paint colour your tree in. Then use some white paint to add your snow on the trees floor and falling from the sky. Next you can add other details such as houses or people to your drawing to design more of a winter scene.
